Weekly Construction Blast

July 16th – July 21st

What you will see this week:
- Stone removal on the southwest corner of Memorial Union.
- Exterior window removal on the southwest corner of the building.
- Theater seating removal and demolition.

Key shutdowns and closures this week:
- **West Wing Closed to Public and Union Staff.** This includes the former building services office (now on 5th floor), Union Theater, Craftshop, and Play Circle.
- Electrical shutdowns in West Wing on 3rd and 4th floors.
- Plumbing shutdown on Monday for all of West Wing. Temporary plumbing to Hoofers to be completed by the end of the day Monday.
- Lot 1 closed to the public (handicap stalls remain).

Other site logistics details this week:
- Please follow signs regarding covered walkway on the corner of Park and Langdon.
- Additional bike parking can be found in Lot 1 and outside H.C. White.
- Hoofers to remain open until the end of August during construction.
- The Memorial Union Terrace will remain open all summer!

Construction noise/vibration this week:
- Some noise from stone removal on southwest corner of Memorial Union to be expected

Student involvement this week:
- Student Construction Rep will attend weekly construction Core Team meetings.

Project milestones this week:
- Complete plumbing shutdown.
- Begin select interior demolition on 5th floor.
- Complete office trailer data connection.
- Complete removal of items to be salvaged in West Wing for demolition to begin.

Looking ahead:
- Begin select interior demolition.
- Complete remaining partition wall construction.
- Complete carpenter’s shop build-out.
- Der Stiftskeller mural documentation.

Memorial Union Reinvestment …Keeping it Green.

This past week Boldt delivered 2,000 lbs. of sand previously used for counterweights in the Union Theater to the UW Preschool Lab for the children’s sandbox on their playground. Boldt and the Union project team has been hard at work identifying re-use opportunities like this in order to pursue LEED certification for the Memorial Union Renovation. Look for more updates on our recycling efforts throughout the project!
